If you are looking for a "bean to cup" coffee vending machine for staff and clients we can help you select the one that is right for you. We will give you a demonstration in the comfort of your work place or we will take you on site, where you can taste our coffees before making any decisions.

House of Coffee offers free installation and free maintenance, technical back up and repair, coffee machine rental and full service options. Call us now to discuss what is the best option for you.

Our coffee vending machines can be coin operated or be fitted with a smart card system for cashless payments.

Instant coffee machines, for high volume sites, are also available.
