

House Of Coffee - coffee machine, coffee vending machine, Melbourne, Australia

The House Of Coffee

Microbar

Its user friendly touchpad makes it very easy to use, select a drink from a variety of different choices like:

1 – 2 Espresso, 1 – 2 Coffee, Caffe Latte, Cappuccino, Macchiato or just a Hot Milk or Water all fully programmable through a step by step menu` where coffee dosages, grind times, milk times, boiler temperatures, energy saving mode, on/off programme and other settings can easily be modified.

An easy one step cleaning cycle will maintain the Microbar always clean and in good working order.

The Microbar comes with a 5 litre Water Tank or in a Direct Connection version.

Single or Double coffee grinders, available in Silver or Black with all stainless steel side panels.

A Cup warmer and a Thermocooler can also be added to go and complement an already perfect machine.
